Rules Committee Record Vote No. 58

Date: April 1, 2009

Measure: H. Con. Res. 85

Motion By: Mr. Dreier

Summary of Motion: To make in order and provide appropriate waivers for (1) an amendment by Rep. Chaffetz, Jason (UT), #24, which would express the Sense of the House that utility companies should disclose on consumers' utility bills the cost of the Administration's proposed cap-and-trade policy; (2) an amendment by Rep. Lance, Leonard (NJ), #5, which would amend the current policy reserve fund for middle class tax relief in the resolution to include extension of mortgage interest on an individual's primary residence; (3) an amendment by Rep. Kline, John (MN), #10, which would express the Sense of the House that before providing funding for new education programs that are unproven and existing programs that have been proven to be ineffective, Congress should fully fund the Individuals with Disabilities Education Act (IDEA) by ensuring that the Federal share of special education costs reaches 40 percent; (4) an amendment by Rep. SUMMARY OF AMENDMENTS TO BE MADE IN ORDER
(summaries derived from information provided by sponsors)

- 1. Woolsey, Lynn (CA)** The Progressive Caucus substitute budget provides \$991 billion (40 minutes) for non-military discretionary spending in FY10, \$469 billion above President Obama's request; provides \$479 billion as sufficient defense spending level; and reduces the deficit by 58% by FY2012. Savings come from eliminating Cold War era weapons systems, targeting waste, fraud, and abuse at the Pentagon, military redeployment and military contractors out of Iraq, repeal of Bush tax cuts for those making more than \$250,000 a year, crackdown on corporate welfare and reinstating a quarter-cent tax (0.25%) on all stock transactions. Spending increases include health care for all Americans, cutting poverty in half in ten years, additional economic stimulus, increased Foreign Assistance, combating global warming and establishing energy independence, providing comprehensive education, and providing health care to veterans as an entitlement.
- 2. Jordan, Jim (OH)/
Price, Tom (GA)/
Pence, Mike (IN)** The RSC substitute budget sets spending levels, revenue levels, (40 minutes) and deficit levels at lower amounts than what is projected by the CBO baseline or what is proposed in the President's budget request. The substitute provides defense funding at the President's level and for non-defense discretionary spending, the RSC substitute provides a hard freeze to non-defense discretionary spending, plus a one percent reduction to prior year spending levels, and also assumes other savings from reductions to lower-priority spending.
- 3. Lee, Barbara (CA)/
Scott, Bobby (VA)** The CBC substitute budget builds upon the historic investments (40 minutes) made by the President's budget and the Majority's budget. However, the CBC budget builds on these investments by immediately repealing the 2001 and 2003 Bush-era tax cuts that benefit the wealthiest Americans. The CBC budget also adds an extremely modest 0.565% surtax on adjustable gross income exceeding \$500,000 for individuals (\$1 million for joint filers). The CBC budget shifts those savings and additional revenue towards Education, Health Care, Job Training, International Aid, Justice, Transportation, and Veterans, while still producing a five year deficit that is \$67 billion smaller than the Majority's budget.

4. Ryan, Paul (WI) The GOP substitute budget spends \$4.8 trillion less than the Obama budget over 10 years. Backs spending down to 20.7% of GDP instead of 24.5% of GDP in the Obama budget. (40 minutes)

Freezes non-defense/non-veterans spending; the Obama budget increases non-defense spending by over 9%. Borrows \$3.6 trillion less than the Obama budget over 10 years and holds debt to 65% of GDP. Democrats have over 82% of GDP, nearly tripling it over 10-years. Puts forward a long-term budget to bring debt under control. Avoids tax increases in 2010 by permanently extending 2001 and 2003 tax relief. Permanently fixes the Alternative Minimum Tax. Creates 2.1 million more Jobs than the Democrats' Budget. Suspends capital gains taxes through 2010 instead of higher taxes on investment in the Obama budget. Reduces corporate tax rate to 25% (from 35%, 2nd highest in the industrialized world) to make U.S. companies more competitive and create American jobs. Increases over the Obama budget: Defense by \$5 billion; Veterans funding by \$540. Reserves \$50 billion annually for war or unmet defense needs. Provides for health and retirement security by reforming programs to ensure they provide benefits for future beneficiaries.

6 with the House appropriately revised allocations under
7 section 302(a) of such Act and revised functional levels
8 and aggregates.

9 **TITLE III—CONGRESSIONAL**
10 **POLICY STATEMENTS**

11 **SEC. 301. POLICY STATEMENT ON MEDICARE.**

12 (a) **MEDICARE POLICY.**—It is the policy of this con-
13 current resolution that Congress will enact legislation to
14 ensure the Medicare benefit continues to provide health
15 care coverage for seniors by establishing a new method-
16 ology to make the program solvent and fiscally sustain-
17 able. Legislation shall be enacted that:

18 (1) Expands protections for seniors against cat-
19 astrophic medical costs, simplifies beneficiary con-
20 tributions, updates Medicare payments, increases
21 flexibility for hospitals serving unusually high num-
22 bers of low-income patients, and reduces the pre-
23 scription drug benefit subsidy for high-income sen-
24 iors (household incomes over \$170,000). To ensure
25 that the cost of frivolous litigation is not passed on

1 to beneficiaries, the medical malpractice system is
2 reformed.

3 (2) Preserves the current Medicare program for
4 individuals 55 and older. For those under 55, the
5 resolution gradually converts the current Medicare
6 program into one in which Medicare beneficiaries re-
7 ceive a premium support payment -- equivalent to
8 100 percent of the cost of the Medicare benefit -- to
9 purchase health coverage from a menu of Medicare-
10 approved plans, similar to options available to Mem-
11 bers of Congress. The premium support payment is
12 risk-adjusted to increase with age and health status,
13 and income-related so low-income seniors receive
14 extra support. Premiums continue to be based on an
15 all-beneficiary average, so the phasing of the young-
16 er population into the new program will not increase
17 premiums for the population continuing in the exist-
18 ing program.

19 (b) FORCE AND EFFECT OF THE MEDICARE TRIG-
20 GER.—The Medicare trigger as set forth in section 803
21 of the Medicare Prescription Drug, Improvement, and
22 Modernization Act of 2003 shall apply during the 111th
23 Congress.

1 **SEC. 302. POLICY STATEMENT ON MEDICAID.**

2 It is the policy of this concurrent resolution that Med-
3 icaid—

4 (1) is outdated and fiscally unsustainable;

5 (2) has a payment error rate of at least 10 per-
6 cent (as reported by GAO in January 2009);

7 (3) without major reform, its recipients' access
8 to health care is in jeopardy;

9 (4) must be reformed to make the health care
10 safety net stronger and more reliable for the need-
11 iest populations;

12 (5) must be modernized by enhancing State
13 flexibility and their sensitivity to spending growth,
14 while allowing States to offer their Medicaid popu-
15 lations more options; and

16 (6) recipients, like all other Americans, deserve
17 to make their own health care decisions instead of
18 government bureaucrats dictating them.

19 **SEC. 303. POLICY STATEMENT ON AFFORDABLE AND AC-**
20 **CESSIBLE HEALTH CARE.**

21 It is the policy assumption of this concurrent resolu-
22 tion that legislation should be enacted that reforms the
23 health care marketplace by ensuring universal access to
24 health coverage for every American regardless of pre-exist-
25 ing health conditions. It allows individuals who like their
26 health coverage to keep what they have, and offers those

1 without coverage access health care options similar to
2 what Members of Congress have. The resolution prevents
3 the expansion of entitlements, the creation of government-
4 controlled health plans, and the imposition of new man-
5 dates or taxes on businesses. Individuals must have the
6 freedom to choose the health care plan that best meets
7 their needs and freedom from government bureaucrats
8 making their health care decisions. Medical professionals
9 must not be prohibited – either through the use of com-
10 parative effectiveness data or otherwise – from providing
11 and/or prescribing care they believe to be medically nec-
12 essary.

13 **SEC. 304. POLICY STATEMENT ON SOCIAL SECURITY.**

14 (a) FINDINGS.—

15 (1) More than 30 million Americans depend on
16 Social Security as a key part of their retirement.
17 Since enactment, Social Security has served as a
18 vital leg on the “three-legged stool” of retirement se-
19 curity, which today includes employer provided pen-
20 sions as well as personal savings.

21 (2) Every year, the Social Security Trustees re-
22 port warns of the dire financial straits that Social
23 Security is in. Each year without reform, the finan-
24 cial condition of Social Security becomes more pre-

1 carious, and the threat to seniors becomes more pro-
2 nounced—

3 (A) in 2041, the Trust Fund will be ex-
4 hausted, and will be unable to pay scheduled
5 benefits; and

6 (B) with the exhaustion of the Trust Fund
7 in 2041, benefits will be cut 22 percent across
8 the board – hurting all those who rely upon So-
9 cial Security as a fundamental part of their re-
10 tirement security; and by 2082, the cuts re-
11 quired would equal 25 percent.

12 (3) The current recession is exacerbating the
13 crisis to Social Security. The most recent March
14 2009 CBO baseline finds that the cash surplus in
15 2010 will only be \$3 billion – down \$22 billion from
16 just 3 months ago. Should the recession continue, we
17 may enter into a cash deficit in 2010 – 8 years ear-
18 lier than expected.

19 (4) Lower-income Americans rely on Social Se-
20 curity for a larger proportion of their retirement in-
21 come. Therefore, reforms should take into consider-
22 ation the need to protect lower-income Americans'
23 retirement security.

24 (5) Americans deserve to have their elected
25 Representatives take seriously the issue of Social Se-

1 security reform. We must work together -- in a bipar-
2 tisan fashion -- in order to solve this crisis. In this
3 spirit, this resolution puts forth a reform that was
4 first proposed by the current Director of the Office
5 of Management and Budget.

6 (b) POLICY ON SOCIAL SECURITY.—It is the policy
7 of this resolution that Congress should begin to act on
8 Social Security. Should the Trustees of the Social Security
9 Trust Fund determine that the Trust Fund would be un-
10 able to pay scheduled benefits within five years (currently
11 estimated in 2036); reforms such as the following are rec-
12 ommended to be implemented to mitigate across-the-board
13 cuts in benefit payments:

14 (1) Provide for a phase in of low-earner benefit
15 enhancement. This would protect lower-income
16 Americans meeting certain requirements by ensuring
17 they receive a benefit of at least 120 percent of the
18 poverty line.

19 (2) Reduce the 15-percent Primary Insurance
20 Amount bracket by 0.25 percentage points per year,
21 from the date at which SSA finds it cannot meet
22 scheduled benefits within 5 years (currently 2036).
23 Phase in over 20 years.

24 (3) The spending, revenue, deficit, and debt lev-
25 els in this concurrent resolution assume current law

1 benefits will be fully paid and do not assume any
2 savings in Social Security.

3 **SEC. 305. POLICY STATEMENT ON ENERGY.**

4 (a) **ENERGY POLICY.**—It is recognized that: —

5 (1) energy is recognized as a vital component to
6 our national and economic security.

7 (2) our dependence on foreign oil, natural gas,
8 and other sources of energy is a threat to our na-
9 tional and economic security;

10 (3) our dependence on foreign oil, natural gas,
11 and other fuel sources is contributing to a massive
12 transfer of wealth outside of the United States;

13 (4) increasing production of domestic energy
14 will reduce our dependence on foreign oil, natural
15 gas, and other sources of energy;

16 (5) high rates of taxes levied upon domestic
17 production of oil and natural gas energy sources will
18 place domestic producers at a competitive disadvan-
19 tage relative to foreign competitors and will discour-
20 age domestic energy production;

21 (6) a significant amount of oil and natural gas
22 reserves are believed to be located on Federal lands
23 including the Outer Continental Shelf, the Gulf of
24 Mexico, the Arctic National and Wildlife Refuge, the

1 National Petroleum Reserve, the Intermountain
2 West Region;

3 (7) domestic energy development on Federal
4 lands should comply with environmental laws and
5 regulations and should be conducted in an environ-
6 mentally responsible manner that minimizes the dis-
7 ruption to fish, plant, insect, and animal wildlife;

8 (8) alternative forms of energy development in-
9 cluding solar, wind, biomass, wave, tidal, hydro, and
10 other forms can produce pollution-free energy with
11 favorable environmental benefits, including the re-
12 duction of global green house gas emissions;

13 (9) increased nuclear energy is an important
14 component to achieving an energy supply free of
15 green house gas emissions;

16 (10) lower energy prices will do more to pro-
17 mote economic growth, raise living standards, in-
18 crease incomes, and create jobs than will higher en-
19 ergy prices;

20 (11) numerous studies on cap and trade con-
21 ducted by government agencies, universities, think
22 tanks, and industry groups agree that cap and trade
23 will raise energy prices for businesses and con-
24 sumers; and

1 (12) revenues, royalties, fees, and taxes raised
2 from developing energy projects located on Federal
3 lands could provide billions of dollars to the Treas-
4 ury which could be used to fund increased Federal
5 participation and support for alternative, renewable,
6 and nuclear energy projects without raising new
7 taxes or increasing energy prices on businesses and
8 consumers.

9 (b) STATEMENT ON ENERGY POLICY.—It is the pol-
10 icy of this concurrent resolution that the energy policy of
11 the United States is to—

12 (1) support our national and economic security
13 by reducing our dependence on foreign oil, natural
14 gas, and other sources of energy;

15 (2) support the increased development of energy
16 on Federal lands in an environmentally responsible
17 manner consistent with existing laws and regulations
18 in a manner that minimizes the impact on fish,
19 plant, insect, and animal wildlife;

20 (3) support the development of alternative, re-
21 newable, and nuclear sources of energy that will re-
22 duce reliance on foreign oil and contribute to re-
23 duced levels of global green house gasses;

24 (4) direct revenues from royalties, bonus bids,
25 fees, rents, and other taxes levied on new energy

1 projects on Federal lands to fund increased Federal
2 participation in research, development, loans, loan
3 guarantees, insurance, tax credits and subsidies, and
4 other assistance that will encourage new develop-
5 ment of alternative, renewable, and nuclear sources
6 of energy;

7 (5) ensure taxes levied on domestic oil and nat-
8 ural gas produces do not place them at a competitive
9 disadvantage relative to foreign competitors, lead to
10 job losses, or encourage a greater dependence on for-
11 eign sources of oil, natural gas, or other energy
12 sources; and

13 (6) pursue policies that keep energy prices low
14 and contribute to economic growth and avoid policies
15 that raise energy prices on American businesses and
16 consumers.

17 **SEC. 306. POLICY STATEMENT ON TAXES.**

18 (a) **IN GENERAL.**—The policies of this concurrent
19 resolution include the following assumptions:

20 (1) The Federal tax code is needlessly complex
21 and burdensome, and it tends to discourage eco-
22 nomic growth and United States competitiveness.

23 (2) The policies included in this resolution are
24 aimed at addressing these problems.

1 (b) TAXES ON INDIVIDUALS.—This concurrent reso-
2 lution would give individuals a choice in paying their Fed-
3 eral income taxes. Individuals can choose to pay their Fed-
4 eral taxes under the existing tax code, with all the familiar
5 deductions and schedules, or they could move to a highly
6 simplified income tax system. This simplified tax system
7 broadens the tax base by cleaning out nearly all the exist-
8 ing tax deductions and credits, compresses the tax sched-
9 ule down to two low rates and retains a generous standard
10 deduction and exemption level. The tax form for this sys-
11 tem could fit on a postcard. Within ten years of enactment
12 of this legislation, individuals would choose one of the two
13 tax systems: the current tax code or the simplified system.
14 Individuals are allowed one additional changeover between
15 the two tax systems over the course of their lifetimes. Indi-
16 viduals are also allowed to change tax systems when a
17 major life event (death, divorce, or marriage) alters their
18 filing status. In contrast to the six rates in the current
19 tax code, the simplified tax has just two rates: 10 percent
20 on adjusted gross income (AGI) up to \$100,000 for joint
21 filers and \$50,000 for single filers; and 25 percent on tax-
22 able income above these amounts. These tax brackets are
23 adjusted by a cost-of-living adjustment as measured by the
24 consumer price index. The simplified code eliminates near-
25 ly all existing tax deductions, exclusions, and other special

1 provisions, but it retains a generous base exemption
2 amount for all taxpayers. The standard deduction for joint
3 filers is \$25,000 for joint filers and \$12,500 for single
4 filers. The personal exemption amount is \$3500. This pro-
5 posal patches the alternative minimum tax (AMT) at the
6 2009 level for the foreseeable future in order to prevent
7 millions of middle class Americans from being ensnared
8 by an unfair tax hike. This tax system also maintains the
9 current lower rates on capital gains and dividends for all
10 taxpayers.

11 (c) TAXES ON CORPORATIONS.—The U.S. corporate
12 income tax rate is the second highest in the industrialized
13 world. The tax leads to lowers wages for workers, higher
14 prices for consumers, and it also discourages foreign in-
15 vestment in the U.S. This concurrent resolution assumes
16 policies that address these problems by lowering the U.S.
17 corporate tax rate from 35 percent to 25 percent, pushing
18 it into the more competitive range among industrialized
19 countries. In conjunction with this move, the resolution
20 repeals the tax deduction for U.S. production activities
21 (section 199), as companies receiving this benefit will now
22 be taxed at the lower 25-percent rate. It also temporarily
23 suspends the tax on capital gains for the rest of 2009 and
24 2010. These policies are designed to keep overall Federal
25 tax revenues at approximately 18.3 percent of GDP for

1 the foreseeable future, roughly equivalent to the long-term
2 historical average.

3 **TITLE IV—SHORT-TERM BUDGET** 4 **ENFORCEMENT**

5 **SEC. 401. RESTRICTIONS ON ADVANCE APPROPRIATIONS.**

6 (a) IN GENERAL.—(1) In the House, except as pro-
7 vided in subsection (b), an advance appropriation may not
8 be reported in a bill or joint resolution making a general
9 appropriation or continuing appropriation, and may not
10 be in order as an amendment thereto.

11 (2) Managers on the part of the House may not agree
12 to a Senate amendment that would violate paragraph (1)
13 unless specific authority to agree to the amendment first
14 is given by the House by a separate vote with respect
15 thereto.

16 (b) ADVANCE APPROPRIATION.—In the House, an
17 advance appropriation may be provided for the fiscal years
18 2011 and 2012 for programs, projects, activities, or ac-
19 counts identified in the joint explanatory statement of
20 managers accompanying this resolution under the heading
21 “Accounts Identified for Advance Appropriations” in an
22 aggregate amount not to exceed \$23,565,000,000 in new
23 budget authority in each year.

24 (c) DEFINITION.—In this section, the term “advance
25 appropriation” means any new budget authority provided

1 in a bill or joint resolution making general appropriations
2 or any new budget authority provided in a bill or joint
3 resolution making continuing appropriations for fiscal
4 year 2010 that first becomes available for any fiscal year
5 after 2010.

6 **SEC. 402. ROLL CALL VOTE REQUIRED ON INCREASING THE**
7 **DEBT LIMIT.**

8 With respect to the adoption by the Congress of a
9 concurrent resolution on the budget for fiscal year 2010,
10 the clerk of the House shall not prepare an engrossment
11 of a joint resolution increasing or decreasing, as the case
12 may be, the statutory limit on the public debt.

13 **SEC. 403. BUDGET COMPLIANCE STATEMENTS.**

14 Each report of a committee on a public bill or public
15 joint resolution shall contain a budget compliance state-
16 ment prepared by the chairman of the Committee on the
17 Budget, if timely submitted prior to the filing of the re-
18 port, which shall include assessment by such chairman as
19 to whether the bill or joint resolution complies with the
20 requirements of sections 302, 303, 306, 311, and 401 of
21 the Congressional Budget Act of 1974.

22 **SEC. 404. COST ESTIMATES FOR CONFERENCE REPORTS**
23 **AND UNREPORTED MEASURES.**

24 It shall not be in order to consider a conference re-
25 port or an unreported bill or joint resolution unless an

1 estimate of costs as described in clause 3(d)(2) of rule
2 XIII has been printed in the Congressional Record at least
3 one day before its consideration.

4 **SEC. 405. ROLL CALL VOTES FOR NEW SPENDING.**

5 The yeas and nays shall be considered as ordered
